***Pain Love and Destiny is Mind Blowing (5 stars)***

*"'Pain, Love & Destiny' is an epic journey through moments of life and it is so amazing I cried at the finish hearing the heart beats of Monte Pittman's very own twins while still in the womb. This CD is breath taking, every song is more beautiful than the song before. '(I Am) the Black Rabbit' has the sickest guitar shredding that rock god Monte Pittman is known for. 'The price of fear' has the most beautiful lyrics to me....and I can so relate. 'Keep shining' is stellar, definitely another of my favorites. But i must admit the whole CD is my favorite from start to finish."*

## COMMENTS ON THE YAY OR NAY REVIEW

*"Spot-on. Monte is extraordinarily talented as a guitarist, lyricist, songwriter and performer. This album grabs you at the first song and doesn't let you go until the last note is played; at which point I usually just hit repeat and listen to the entire album again. It is that good.
